pan afric e-commerce

Pan Afric E-Commerce API

This collection covers the full API surface of the **Pan Afric Store** — a multi-role e-commerce platform hosted at `https://panafrica-store.onrender.com`. It is organized into four functional modules:

Authentication

Handles user registration and login for two distinct roles — **customers** and **merchants**. Also includes negative test cases such as login with a wrong password, login with an invalid email, and registration with an incorrect format, making it useful for both happy-path and error-handling validation.

Products

Covers the complete product lifecycle. Merchants can create, update, and delete products, while customers can browse the catalog — listing all products, filtering by currency, searching by name, and fetching a product by ID. Role-based access control is tested here, with requests that verify customers cannot perform merchant-only operations.

Cart

Manages the shopping cart for authenticated customers. Includes adding items to the cart, viewing the cart, and removing items. Also tests that merchants are correctly restricted from cart operations.

Orders

Handles order management — viewing a specific order, listing all orders, and checking out the cart. Includes a negative test case to verify that unauthorized users cannot access orders that don't belong to them.

This collection is well-suited for functional testing, role-based access control validation, and end-to-end workflow verification of the Pan Afric e-commerce platform.

authentication

This documentation is not published yet, this is only a preview. Changes to the publishing settings will reload this page.

POST register merchant

https://panafrica-store.onrender.com/auth/register

Body raw (json)

```json
{
  "email": "salewa@gmail.com",
  "password": "password123",
  "full_name": "salewa orok",
  "role": "merchant",
  "country": "ZA",
  "base_currency": "ZAR"
}
```

POST register customer

https://panafrica-store.onrender.com/auth/register

Body raw (json)

```json
{
  "email": "yinka@gmail.com",
  "password": "password123",
  "full_name": "segun soleye",
  "role": "customer",
  "country": "NG",
  "base_currency": "NGN"
}
```

POST login customer

https://panafrica-store.onrender.com/auth/login

This documentation is not published yet, this is only a preview. Changes to the publishing settings will reload this page.

```
json

{
    "email": "tobi@gmail.com",
    "password": "password123"
}
```

POST login merchant

https://panafrica-store.onrender.com/auth/login

Body raw (json)

```
json

{
    "email": "kelvin@gmail.com",
    "password": "password123"
}
```

POST login with wrong email

https://panafrica-store.onrender.com/auth/login

Body raw (json)

```
json

{
    "email": "toi@gmail.com",
    "password": "password123"
}
```

POST register with incorrect format

This documentation is not published yet, this is only a preview. Changes to the publishing settings will reload this page.

Body raw (json)

```
{
  "email": "tobgmail.com",
  "password": "password123",
  "full_name": "Tobi Damilare",
  "role": "customer",
  "country": "",
  "base_currency": ""
}
```

POST loging with wrong pass

https://panafrica-store.onrender.com/auth/login

Body raw (json)

```
{
    "email": "grexx200@gmail.com",
    "password": "password23"
}
```

products

POST merchant create product

https://panafrica-store.onrender.com/products

AUTHORIZATION Bearer Token
